

STRONGER. STANDARDIZED. SAFER.

16' x 4' x 12" Eucalyptus Mat

Premium plantation-grown Eucalyptus timber mats engineered for superior performance, consistency, and sustainability in heavy construction applications.

Engineered for the most demanding crane and heavy lift operations.

<p>18 mats Per Truck</p>	<p>2-5x Longer Life</p>	<p>Stronger Bolts & Plates</p>	<p>Fewer Replacements</p>
-------------------------------------	------------------------------------	---	--------------------------------------

Key Benefits — 16' x 4' x 12"

- Ideal for cranes and heavy lift applications
- Maximum load capacity
- 38% more mats per truck vs competition
- Weight: 3,735 lbs new / 3,050 lbs after 6 months

Sustainability Highlights

<p>Lower Carbon Footprint Plantation-grown, not harvested from native forests</p>	<p>USDA Treatment Certified heat treatment for compliance</p>	<p>No Bugs Heat treatment eliminates pest concerns</p>
